

SAFETY DATA SHEET

Revision Date 20.Apr.2023

1. Product name and details of the supplier of the safety datasheet

Product name : Lanthanum acetate hydrate
Company : Chikamochi Pure Chemical Co., Ltd.
1-9-16 Ohyodominami , Kita-ku,
Osaka, 531-0075
JAPAN
Telephone : +81(0)6 6453-2062
Fax : +81(0)6 6453-2063

2. Hazards Identification

【GHS classification】

Classification of the substance or mixture

Serious eye damage/eye irritation Category 2B

【Pictograms】

【Signal word】

Warning

【Hazard statements】

Central nervous system

【Precautionary statements –(Prevention)】

- Wash face, hands and any exposed skin thoroughly after handling

【Precautionary statements-(Response)】

- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- If eye irritation persists: Get medical advice/attention

【Precautionary statements-(Storage)】

- Not applicable

【Precautionary statements-(Disposal)】

- Not applicable

【Other hazards】

- Not available

3. Composition/information on ingredients

【Substances】

Formula	: $(\text{CH}_3\text{COO})_3\text{La} \cdot 1.5\text{H}_2\text{O}$
Molecular weight	: 343.06 g/mol
CAS No.	: 25721-92-0
ENCS	: 2-705
ISHL No.	: Announced chemical substances

4. Description of first aid measures

【If inhaled】

If breathed in, move person into fresh air. If not breathing, give artificial respiration.

【In case of skin contact】

Wash off with soap and plenty of water.

【In case of eye contact】

Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

【If swallowed】

Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

5. Firefighting measures

【Suitable extinguishing media】

Water spray(fog), Carbon dioxide (CO₂), Foam, Extinguishing powder, Sand

【Unsuitable extinguishing media】

No information available

【Special hazards arising from the substance or mixture】

Thermal decomposition can lead to release of irritating and toxic gases and vapors.

【Special extinguishing method】

No information available

【Special protective actions for fire-fighters】

Use personal protective equipment as required. Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear.

6. Accidental release measures

【Personal precautions, protective equipment and emergency procedures】

For indoor, provide adequate ventilation process until the end of working. Deny unnecessary entry other than the people involved by, for example, using a rope. While working, wear appropriate protective equipments to avoid adhering it on skin, or inhaling the gas. Work from windward, and retract the people downwind.

【Environmental precautions】

To be careful not discharged to the environment without being properly handled waste water contaminated.

【Methods and materials for containment and cleaning up】

Sweep up and gather scattered particle, and collect it in an empty airtight container.

【Recovery, neutralization】

No information available

【Secondary disaster prevention measures】

Clean contaminated objects and areas thoroughly observing environmental regulations.

7. Handling and storage

【Precautions for safe handling】

provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive fire protection. General industrial hygiene practice.

【Conditions for safe storage, including any incompatibilities】

Store in cool place. Keep container tightly closed in a dry and well-ventilated place.

8. Exposure controls/personal protection

【Engineering controls】

In case of indoor workplace, seal the source or use a local exhaust system. Provide the safety shower facility, and hand and eye-wash facility. And display their position clearly.

【Exposure limits】

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

【Personal protective equipment】

Respiratory protection	Dust mask
Hand protection	Protective gloves
Eye protection	Protective eyeglasses or chemical safety goggles
Skin and body protection	Long-sleeved work clothes

【General hygiene considerations】

Handle in accordance with good industrial hygiene and safety practice.

9. Physical and chemical properties

Appearance	Form: crystalline powder or mass (nearly white)
Odour	:No data available
Odour Threshold	:No data available
pH	:No data available
Melting point/freezing point	:No data available

Initial boiling point and boiling range	:No data available
Flash point	:No data available
Evaporation rate	:No data available
Flammability (solid, gas)	:No data available
Upper/lower flammability or explosive limits	: No data available
Vapour pressure	: No data available
Vapour density	: No data available
Relative density	: No data available
Water solubility	: free soluble
Partition coefficient: n-octano/water	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available

1 0 . **Stability and reactivity**

【Reactivity】

No data available

【Chemical stability】

Stable under recommended storage conditions.

【Possibility of hazardous reactions】

No data available

【Conditions to avoid】

Extremes of temperature and direct sunlight, Moisture

【Incompatible materials】

Strong oxidizing agents

【Hazardous decomposition products】

Carbon monoxide (CO), Carbon dioxide (CO₂)

1 1 . **Information on toxicological effects**

【Acute toxicity】

No data available

【Skin corrosion/irritation】

No data available

【Serious eye damage/eye irritation】

No data available

【Respiratory or skin sensitization】

No data available

【Germ cell mutagenicity】

No data available

【Carcinogenicity】

No data available

【Reproductive toxicity】

No data available

【Specific target organ toxicity – single exposure】

No data available

【Specific target organ toxicity – repeated exposure】

No data available

【Aspiration hazard】

No data available

【Additional Information】

No data available

1 2 . Ecological information

【Toxicity】

No data available

【Persistence and degradability】

No data available

【Bioaccumulative potential】

No data available

【Mobility in soil】

No data available

【Results of PBT and vPvB assessment】

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted.

1 3 . Disposal considerations

【Waste from residues】

Disposal should be in accordance with applicable regional, national and local laws and regulations.

【Contaminated container and contaminated packaging】

Disposal should be in accordance with applicable regional, national and local laws and regulations.

1 4 . Transport information

【UN number】

ADR/RID:—	IMDG:—	IATA:—
ADR/RID: Not dangerous goods		
IMDG: Not dangerous goods		
IATA: Not dangerous goods		

【Transport hazard class(es)】

ADR/RID: —	IMDG: —	IATA: —
------------	---------	---------

【Packaging group】

ADR/RID: —	IMDG: —	IATA: —
------------	---------	---------

【Environmental hazards】

ADR/RID: no	IMDG Marine pollutant: no	IATA: no
-------------	---------------------------	----------

【Special precautions for user】

Not classified as dangerous in the meaning of transport regulations.

1 5 . Regulatory information
【International Inventories】

EINECS/ELINCS	—
TSCA	—

【Japanese regulations】

Fire Service Act	: Not applicable
Poisonous and Deleterious Substances Control Law	: Not applicable
Industrial Safety and Health Act	: Not applicable
Regulations for the carriage And storage of dangerous goods in ship	: Not applicable
Civil Aeronautics Law	: Not applicable
Pollutant Release and Transfer Register Law(~2023.3.31)	: Not applicable
Pollutant Release and Transfer: Class1	
Register Law(2023.4.1~)	: Not applicable
Export Trade Control Order	: Not applicable

1 6 . Other information
【Further information】

Information contained in this material safety data sheet is offered without charge for use by technically qualified personnel at their discretion and risk. All statement, technical information and recommendations contained herein are based on tests and data which we believe to be reliable, but the accuracy or completeness thereof is not guaranteed no warranty of any kind is made with

respect thereto.

This information is not intended as a license to operate under or a recommendation to practice or infringe any patent of this Company or others covering any process, composition of matter or use. Since the Company shall have no control of the use of the product described herein, the company assumes no liability for loss or damage incurred from the proper or improper use of such product.
